

Class Control for Windows

Purpose

Class Control is designed to provide the school owner and administrative staff with the tools required to significantly reduce the time and effort required to track Students, Charges, and Payments on a day to day and month to month basis.

At the same time, it's designed to provide relevant information on overall Student enrollment makeup and the charges and receivables status of the school necessary to make informed, intelligent management decisions about the operation of the school.

Benefits

- ★ **Fast, consistent, accurate, and automatic charging when a student is assigned to or dropped from a class, including**
 - ✓ Multi-class discounts
 - ✓ Multiple family members discounts (recalculated when family members are dropped or added)
 - ✓ Special discounts (scholarships and staff discounts, etc)
 - ✓ Proration for missed classes in the first period.
- ★ **Significant savings in time and effort**
 - ✓ One step assigns or drops a Student from a class and adjusts the affected rosters and calculates (or recalculates) the charges for the family
 - ✓ Current rosters for the whole school or for an individual class can be printed with the click of a few buttons
 - ✓ Easy attendance tracking with absentee reports
 - ✓ Current, up to date invoices or statements can be printed at the click of a few buttons
 - ✓ No double entry for anything
- ★ **Payment processing is easy and family account information is readily available, including**
 - ✓ Current status
 - ✓ Upcoming charges
 - ✓ History of past charges
 - ✓ History of payments (including the ability to reverse a payment)
 - ✓ Available credits (including the ability to selectively apply credits)
- ★ **Revenue won't be lost because of forgotten charges or overlooked missed payments.**
- ★ **Management reports readily available to track school status and to help make important decisions**
 - ✓ School enrollment summaries by Class, Program, and school
 - ✓ School financial summaries with total charged, total paid, and total outstanding by Class, Program, and school
 - ✓ New student referral analysis
 - ✓ Drop reason summary
 - ✓ Number of active students by age groups
- ★ **More time is available to devote to other necessary tasks.**
